DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claim 10 recites the limitation "said semiconductor wafer" in line 6. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 10 and 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Ishida et al (USPN 5,010,692). Ishida et al discloses a polishing apparatus comprising a polishing tool comprising a grindstone 3 having a plane polishing surface to polishing a surface of a workpiece by the plane polishing surface of the grindstone 3, a dressing tool 9 having a plane dressing surface for forming a surface roughness on the plane polishing surface of the grindstone 3, a means 10 for inhibiting movement of the dressing tool 9 in a direction vertical to the polishing surface of the grindstone 3. Ishida et al also discloses a method of use comprising forming a surface roughness with a

dressing tool 9 on the polishing surface of the grindstone 3 during the polishing process, while controlling a position of the dressing tool in a vertical direction with respect to the polishing surface (note Fig. 1-4, col. 3, line 25 to col. 4, line 68).

Allowable Subject Matter

6. Claims 1-9 are allowed.
